

The organization is considered the SDCC Member; in the event that there is change in representation a new individual within the organization must continue to participate to maintain membership. Individuals currently with SDCC who change organizations must adhere to annual enrollment expectations for their new organization.

Goals: Ensure that residents of south Denver have an excellent quality of life and receive the right care at the right time as measured by:

- 3% relative improvement rate reduction in 30 day re-hospitalizations for each organization within first 12 months of membership or maintain at or below 9% readmission rate for each organization
- 2% improvement in the reduction of 30 day re-hospitalizations for returning members year over year, until such time a 9% rate is achieved and maintained.
- Goals and measurements will be reviewed each quarter and used for implementation in the coming year
